Life and voices in Srebrenica

**2nd International Week for Memory
24-29th of August 2008**

Women and men of different backgrounds, origins and histories, we will meet also this year in Srebrenica, in Bosnia and Herzegovina, place of memory for all its inhabitants and for the whole of Europe. We'll spend a week together; we'll exchange experiences and ideas, in order to prove that life is stronger than war and genocide, but only if it is fed with truth and justice about the past. We'll meet once more in Srebrenica, we'll listen to the silence of loss and trauma, but we'll also give space to the voices that wish to express memories, feelings, thoughts, wishes and hopes: for themselves, for their town, for us all.
